

Environmental Policy Statement

This policy forms part of the overall strategic objectives to create and maintain a sustainable business model.

We strive to continuously review and improve our environmental performance to reduce the potential negative impacts generated by our operations.

To ensure the principles of the environmental system are clearly understood throughout the company, we will be committed to:

- Complying with all relevant environmental legislation, sector specific regulations and standards;
- Developing, operating and maintaining an environmental management system that follows the principals of BS EN ISO 14001:2015;
- Monitoring and minimizing the consumption of energy and water as far as reasonably practicable;
- Progressively reducing the emissions of greenhouse gases from our production processes;
- Increasing recycling and reusing materials which aids in minimising waste;
- Prevention of pollution and the disturbance to local wildlife;
- Set and review objectives and targets to monitor our performance;
- Promote the internal culture with respect to environmental topics through management meetings and awareness programmes;
- Act as a carbon conscious operator and evaluate carbon emissions, focusing on the activities which are likely to produce the highest level of emissions;
- Providing employees with relevant information, training, and supervision necessary to carry out their role and set a positive work culture;
- Devoting the necessary resources in the form of finance, equipment, personnel, and time to ensure the help achieve the environmental objectives and seeking expert help where the necessary skills are not available within the company;
- Ensure responsibilities and accountabilities are clearly defined;
- An annual review and when necessary, the revision of this environmental policy.

Meridian recognise the importance of its employees contributing to the environmental performance and will communicate this policy to all staff, stakeholders, the local community and others working on its behalf. This policy will also be displayed prominently throughout the workplace.
